***Treasurer's
And Business
Report***

Mrs. Majchrowski reviewed the Treasurer's Report. She also reported that back in June, she and Mr. Condon met with the finance committee about paying off the district's callable bonds and they felt that it was the right decision at the time. She was planning to do a presentation for the board at this meeting, but after the building walk-through we just had with the facilities committee and the architect, as well as the meeting she had with the bond counsel (Elizabeth Hennessy at Raymond James), she wants to take a step back and meet with the finance committee one more time to determine if this is the right decision for the district as well as the taxpayers. She sent an email to the finance committee earlier this afternoon to try to find a date for a meeting soon and then she will update the whole board.

Education Report

Mr. Condon spoke about a book that he shared with the staff called *The Lighthouse Effect* by Steve Pemberton. He was taken in by a teacher named John Sykes when he was 16 years old. Even though lighthouses are no longer needed due to technology, they still exist as symbols of guidance. People can be lighthouses that guide others. Mr. Condon encourages staff to be “lighthouses”.

Mr. Condon spoke about the teacher institute days. Our school was fortunate to have Todd Whitaker come to speak to staff. He is the author of several books and shared his experiences with staff motivation and leadership.

Mr. Condon presented the goals, projects, and initiatives for the 2023-2024 school year. Goals remain the focus of the organization and are the collective responsibility. They endure. Park View graduates are the result of each grade level, and each staff member that helped them along the way. Projects may come, but they will be accomplished and new ones will be created. Initiatives are the focus work towards achieving the goals.

The goals are: all students will meet or exceed expected growth on the Illinois Assessment of Readiness (IAR); the percentage of eighth-grade students in each graduating class who will be placed in honors/advanced courses as freshman will increase each year; and all eighth-grade students will meet or exceed the expected growth on the social and emotional learning assessment each year.

The projects are: the district will develop and implement a process to ensure regular alignment between the State standards and our grade and content Promise Standards; and develop and integrate new health and wellness initiatives to support the social and emotional learning needs of students.

The initiatives are: the district will provide training, support, and focus for curriculum teams and their use of research-based collaborative protocols; the district will support each curriculum team and each teacher’s development and implementation of evidence and research-based curriculum, instruction, assessment, and grading practices; and the district will support curriculum teams and teachers in their effort to create classroom environments and develop instructional strategies that promote high levels of student engagement.

Mr. Condon then reported on IAR. IAR is our state assessment that measures student growth and proficiency on grade level standards in both ELA and math. The Park View Promise Standards are aligned to the Illinois State Standards, which are aligned to Common Core State Standards. A summative designation is provided to each school and school district. Park View is designated as a “Commendable School”. In order to be a “Commendable School”, a school must have no underperforming student groups at or below the “all students” group of the lowest performing 5 percent of schools.

Mr. Condon then shared the results of the IAR tests. In Spring 2023, students exceeded their projected benchmark by 18 points in ELA and 10 points in mathematics. In Spring 2022, students missed their projected benchmark by 1 point in ELA and exceed it by 6 points in mathematics. In Spring 2023, every grade exceeded their projected benchmark in ELA and mathematics.

ECRA is a group that analysis data. Overall growth summaries are based on a combination of assessments. The assessments include (depending on the grade) Spring IAR, Spring MAP, Spring FAST CBMmath Automaticity, and Spring FAST CBMreading. Based on this, Park View had overall expected growth in mathematics and higher than expected growth in ELA.

The district believes that collective effort and responsibility leads to success. The Credo for 2023-2024 is to ensure that all Park View students learn at high levels and to strive to become the premier district in Northern Illinois.

The Park View Model of Instruction is an instruction framework used by the guiding coalition team which is a group of teachers who are leaders for their teams. The framework is based on Dr. Robert Marzano's theory. He has fifty years of study experience. The instructional framework involves feedback by providing and communicating clear learning goals by providing scales and rubrics and tracking student progress and using assessment and using formative and summative assessments of the whole class. It also involves content which involves conducting direct instruction lessons by chunking and processing content and using strategies that appear in all types of lessons including reflecting on learning and organizing students to interact. Finally, it involves content by using engagement strategies such as noticing and reacting when students are not engaged, establishing and implementing rules and procedures, building relationships by understanding students' backgrounds and interests, and communicating high expectations by demonstrating value and respect to reluctant learners. When there is professional development at the district, whether it is in house or if someone else is brought in, it will tie back to this model of instruction.

Mr. Wawczak spoke about ParentSquare. It is a new communication tool that the district is using. ParentSquare also offers language translations, centralized calendars, a mobile app, and a familiar design since the high school uses it. The administration team will use it from August through December. They will use it for newsletters, mass communications, district notices, and alerts (texts and phone calls). All teachers will begin using ParentSquare in January 2024. There will be training and feedback opportunities. The intention is to make communication easier for teachers.

Mr. Wawczak also reported that he and Ms. Le-Mon dropped off yard signs to incoming kindergarteners. They were able to connect with about 60% of the kindergarten families. Their goal was to comfort the families. He also talked

about the Back to School Bash and the dunk tank. Mr. Condon reported that two board members' children dunked him.

Mr. Schwarz spoke about sixth-grade orientation. The students prepared for lockers, and were informed about expectations and social emotional learning resources. The sixth-grade teachers were there as well. About 80 of the 100 sixth-grade students attended. There was a parent meeting as well and they were told about expectations and how sixth-grade students now need to be role models. He thanked Mrs. McCloskey and Mrs. Astbury-Brocar for their help.

Mr. Condon showed photos of what the new logo in the front of the school will look like. There will also be a new banner covering a wall inside the school.

***Special
Education
Report***

Mrs. Alper reported that the construction at the Molloy Center is on schedule. There are no delays and it is in its last phase. NTDSE's Executive Director, Tarin Kendrick shared that a café in downtown Skokie called Will's Place has opened and is staffed with adults with disabilities.

RECOMMENDATION – No action is needed from the Board.

Guiding Question: What have been the most recent Freedom of Information Act requests since the last report to the Board of Education?

Policy Reference: 2:250 – Access to District’s Public Records.

Description: Included are the most recent FOIA requests. Please know that the District has responded appropriately for all requests or is in the process of responding.

REQUEST - received via email on July 26, 2023 from Katy Smyser at Katy.Smyser@nbcuni.com

Dear Mr. Condon:

This is a request under the Illinois Freedom of Information Act. I am sending this request to more than 375 public school districts in the Chicago area, including Morton Grove School District 70. I have also already sent this request to more than 200 Chicago-area public library systems – all for a series of stories I plan to do on book-ban-requests and other challenges to material in our local public libraries, school libraries, and school classrooms.

Please provide me with documents sufficient to show all communications (emails, letters, texts, board proceedings, or notes from phone calls) received by Morton Grove School District 70, which include a request to reconsider, ban, and/or challenge any book or any other material in any of your school district’s libraries or classrooms. I am hoping that any existing documents will include the following:

1. The date of each such request;
2. The title(s) of each book(s) or other material that was requested to be pulled from your shelves or classrooms, as well as any reason stated by the requestor;
3. Any response (email, letters, texts, board proceedings, or notes from phone calls) from anyone in your district, your school board, or individual school, to each request;
4. The resolution of each request (i.e.: the book or material was removed completely; the book or material was partially restricted; the book or material remains on your shelves or in your classrooms; etc.).

Please also provide me with any documented threats that have been received by Morton Grove School District 70, your school board, or any of your individual schools, librarians or teachers, via email, letters, texts, or voicemail recordings, that are related to books or other material kept in one of your libraries or classrooms.

I am requesting all such material from January 1, 2013 to the present. Because this request is in the public interest, I ask that you waive all fees. And if you choose to deny any part of this request, please let me know why. If you have any questions, please don’t hesitate to contact me. In the meantime, thanks – as always – for your time and attention to this request!

Re: Recommendation of 2023-2024 Final Budget

Date: September 18, 2023

A copy of the final budget on the state budget form is included in the board packet. Since the Board of Education adopted the tentative budget in July, the budget continued to be refined to better reflect the current needs of the district.

The FY24 budgeted revenue totals \$17,454,845 and the FY24 budgeted expenditures total \$18,350,047. A balanced budget, when looking at district operating funds, is being proposed. However, the overall expenditures exceed the revenue largely due to capital projects that will be paid using the district's fund balance.

SUGGESTED MOTION:

I move that the budget for the 2023-2024 school year be approved as presented.

Balanced budget; no Deficit Reduction Plan is required.

A deficit reduction plan is required if the local board of education adopts (or amends) the 2023-2024 school district budget in which the "operating funds" listed above result in direct revenues (line 9, BudgetSum 2-4) being less than direct expenditures (line 19, BudgetSum 2-4) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81, BudgetSum 2-4).

Note: The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.

Per School Code (105 ILCS 5/17-1) - If the Deficit AFR Summary Information tab from the 2022-2023 Annual Financial Report (AFR) reflects a deficit as defined above, then the school district shall adopt and submit a deficit reduction plan (found here on page 23-27) to ISBE within 30 days after acceptance of the AFR.

The deficit reduction plan, if required, is developed using ISBE guidelines and format.

Evidence-Based Funding: Fiscal Year 2024 Spending Plan

MORTON GROVE SCHOOL DIST 70

Part I: Achieving Student Growth and Making Progress Toward State Education Goals

The questions below allow you to indicate the strategic priorities and strategies that will drive your efforts to achieve student growth and make progress toward state education goals. These may involve investing in any combination of an Organizational Unit's core resources: time, money, people, and programs.

Collaboration Opportunity - Organizational Units may find that Part I is most easily and effectively completed if led by program leaders in consultation with finance leaders.

1) What are the Organizational Unit's strategic goals for student success for the 2023-24 school year? What measures will be used to evaluate progress? (No more than 2000 characters, including spaces.)

All students will meet or exceed expected growth on the Illinois Assessment of Readiness (IAR). The percentage of 8th grade students in each graduating class who will be placed in honors/advanced courses during their freshman year will increase each year. All rising 8th grade students will meet or exceed the expected growth on the social and emotional learning assessment each year. The measures used to evaluate progress will be the Illinois Assessment of Readiness, high school placement data, and Mysaebrs/Panorama.

	Top Strategy 1	Top Strategy 2	Top Strategy 3
2) Select the top three strategies that the Organizational Unit will employ to achieve student growth and make progress toward state education goals. (Select three different responses from the dropdown list.)	Increase number and/or quality of professional development opportunities	Improve programs, curriculum, and/or learning tools	Increase number and/or quality of community, parent, and family engagement opportunities
If "Other" was selected in question 2, please describe. (No more than 1000 characters, including spaces.)			

Part II: Planned Use of Evidence-Based Funding

The questions below provide an opportunity to document the stakeholders with whom you consulted and the data you analyzed as you determined your strategic allocations of FY 2024 EBF dollars. Key statistics related to EBF distributions are provided for your reference. Form 50-36/50-39 is typically released before current-year appropriations are known. Therefore, the figures provided are for the prior fiscal year.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed if led by finance leaders in consultation with program leaders.

Evidence-Based Funding Organizational Unit Results (FY 2023)	Final Resources / Adequacy Target = Percent of Adequacy	Average Student Enrollment	852.79	Adequacy Target	\$12,008,571.64

4) Given the data analyzed, the stakeholders consulted, and the priorities identified in Part I, indicate the top three priority investments the Organizational Unit will make with its FY 2024 Base Funding Minimum (e.g., excluding Tier Funding). Choose "Other" if investments do not match the provided list. (Select three different responses. "Other" may be selected more than once if needed.) If "Other" was selected in question 4, please describe. (No more than 1000 characters, including spaces.)						

Cost Factor Table

The table below presents the regionally adjusted amount embedded in the Organizational Unit's FY 2023 Adequacy Target for each of the 34 cost factors in the Evidence-Based Funding model (Column F). Column G is required for all Organizational Units that receive at least \$5,000 in Tier Funding, while column H is optional. Organizational Units may choose to provide additional narrative context in Columns I-M to elaborate on the figures included in the table. ISBE has produced guidance for populating the cost factor table. The guidance includes a definition for each cost factor, along with suggestions for using Employee Information System position codes and common expenditure accounts to support a determination of expenditures. This guidance is available at <https://www.isbe.net/ebfspendingplan>.

Column G: If the Organizational Unit will receive at least \$5,000 in FY 2024 Tier Funding (as entered in Q2.1/cell G31), column G is required. Please indicate the Organizational Unit's planned expenditures in FY 2024 from Tier Funds only. Organizational Units are not expected to place a value in each cell. Rather, the table allows for the communication of priority investments with new state resources for the current fiscal year. During years in which there is no new Tier Funding, column G will not be required. During years in which Tier Funding is available, the amount of new Tier Funding entered in Q2.1/cell G31 above must equal the sum in cell G90 below. If some or all Tier Funding is invested outside of the cost factors, enter a dollar amount in cell G89 and provide additional context in the space for a narrative beginning in row 93.

Column H: Optionally, Organizational Units may populate column H with total planned expenditures in FY 2024 for each cost factor from all revenue sources (e.g., not just from EBF). By comparing the figures in column F to the figures entered in column H, the Organizational Unit may engage local stakeholders in productive dialogue about resource allocation decisions.

*The subtotal for Per Student Investments is a calculated figure that adjusts salary portions of Central Office and Maintenance & Operations to account for regional salary differences. As a result, the sum of each individual cost factor will not equal the subtotal. **The total is the Final Adequacy Target (adjusted for Regionalization Factor) calculated in the Full FY 2023 EBF Calculation file. Due to differences in rounding, this figure may vary slightly from the sum of the subtotals in this table.				

If some or all Tier Funding was invested outside of the cost factors, please describe. (No more than 1000 characters, including spaces.)

Part III: Support for Special Student Groups

EBF statute sets aside specific allocations to be spent for special education, English learners, and low-income students. Per statute these designated funds must be spent on programs and services benefiting these specific student groups. Funds for English learners and low-income students must be spent in addition to, and not in lieu of, funding that supports general programs of instruction for all students. Funds attributable to special education must be used for the provision of special education facilities and services as outlined in ILCS 14-1.08. Current-year EBF amounts attributable to each of the special student groups must be reported in cells G100-G102 below. If the Organizational Unit received at least \$5,000 for any of the student groups, a response to the questions below is required. For amounts less than \$5,000, a response is optional. All other EBF funds may be spent in any manner deemed appropriate by the school district.

Collaboration Opportunity - Organizational Units may find that questions in this section are most easily and effectively completed through collaboration between program leaders affiliated with each student group and finance leaders.

		Enter Amounts	Select type	*Note: Allocations for each of the three student groups are published annually at isbe.net/ebfdist under "Reports." Amounts are typically available by September 1. Districts are encouraged to use actual amounts if they are available before transmitting the budget to ISBE.

Plan Assurances

Please complete the assurances below related to Article 14C of the Illinois School Code, which stipulates allowable expenditures for English learners. Organizational Units should maintain supporting documentation (e.g., sign-in sheets, meeting agendas) to affirm the veracity of the below assurances. Note that a separate collection of the Bilingual Service Plan takes place before each school year and must be separately reviewed by the Bilingual Parent Advisory Committee (BPAC). Responses in this plan should be aligned with information contained in the Bilingual Service Plan. Responses in this section are only required if an Organizational Unit receives any amount of EBF dollars attributable to English learners.

Collaboration Opportunity - Organizational Units may find that the plan assurances are most easily and effectively completed if led by program leaders.

Re: Transfer Resolution

Date: September 18, 2023

At the November 16, 2020 Board meeting, the Board approved paying for the Molloy renovation project over 10 years. Bonds were issued by the Niles Township District for Special Education (NTDSE) on behalf of the District and other member districts. Because revenues or other sources of funds are pledged to pay debt service on long-term debt, the money must be transferred into the Debt Service Fund and expended out of that Fund.

The transfer resolution below authorizes the Treasurer to transfer \$87,394.18 from the Operations and Maintenance Fund into the Debt Service Fund for the District's upcoming debt services payments in FY24.

SUGGESTED MOTION:

I move that the Board of Education approve the resolution authorizing the transfer of \$87,394.18 from the Operations and Maintenance Fund to the Debt Service Fund.

**RESOLUTION AUTHORIZING TRANSFER(S) TO
DEBT SERVICE FUND**

WHEREAS, pursuant to Sections 2-3, 2-3.27, and 2-3.28 of the *School Code*, the Illinois State Board of Education (“ISBE”) has the power and duty to formulate and approve forms, procedures and regulations for school district accounts and budgets; and

WHEREAS, ISBE Regulation Section 100.40(a), effective as of FY 2009, requires the establishment of a Debt Service Fund to replace the fund formerly known as the Bond and Interest Fund; and

WHEREAS, the Board of Education (“Board”) of Morton Grove School District No. 70, Cook County, Illinois (“District”), has previously established a Debt Service Fund in compliance with these regulations; and

WHEREAS, in addition to expenditures which were heretofore properly made out of the Bond and Interest Fund, ISBE Regulation Section 100.50(d)(1) provides that when revenues or other sources of funds are pledged to pay debt service on any long-term debt, the moneys shall be transferred into the Debt Service Fund and expended out of that Fund; and

WHEREAS, the Board has pledged revenues in its Operations and Maintenance Fund to pay debt service on bonds that were issued by the Niles Township District for Special Education (“NTDSE”) on behalf of the District and other member districts.

NOW, THEREFORE, it is hereby resolved by the Board of Education of Morton Grove School District No. 70, Cook County, Illinois that:

- Section 1:** The Preamble above is hereby incorporated into the body of this Resolution.
- Section 2:** The transfer of revenues and other sources of funds from the Operations and Maintenance Fund into the Debt Service Fund by the Treasurer is hereby approved in the amount of Eighty Seven Thousand Three Hundred Ninety Four and 18/100 Dollars (\$87,394.18) for the District’s upcoming debt service payments in FY24.
- Section 3:** All such accounting transfers shall be reflected in District financial reports in accordance with ISBE regulations.
- Section 4:** All expenditures from District Funds shall continue to be approved by the Board in accordance with law and Board Policy.
- Section 5:** All inter-fund transfers expressly authorized by statute shall continue to be approved by the Board as provided in the applicable statute.
- Section 6:** The Treasurer is directed to implement this Resolution.

Section 7: This Resolution shall take effect immediately upon adoption.
